7 Reasons to partner with **RABINE** PAVING AMERICA

Pavement specific **engineers** ensure projects are completed with the best design and material specific to each particular job.

Innovation is a priority of *Rabine Paving America*. We are at the forefront of developing more sustainable products such as whitetopping, roller compacted concrete and pervious pavements.

At **Rabine University**, seminars are conducted on a consistent basis in our auditorium and on our 100,000 sq ft pavement R&D parking lot for customers, teammates and partners.

Access to **high-tech equipment** allows *Rabine Paving America* to complete jobs efficiently and with the highest quality on a consistent basis.

Portfolio management allows clients to keep track of multiple jobs throughout the country and look back on past projects for reference. It also gives you one point of contact for all sites.

The RPA **Certified Partner Network** consists of over 1,000 pre-qualified, certified paving contractors across the U.S.

Community is important to *Rabine Paving America*. We strive to improve and support the communities we work in through our nonprofit organization, *Rabine Group Foundation*.
